

Assumptions

1. One passenger shouldn't / cannot book 2 same cruises on the same day and at the same time.
2. Different cruises with the same port code, departure time and date will have different cruise IDs.
3. The passenger can be a guardian for 2 or more passengers who are under the age of 18.
4. A ship must have at least one cabin and a passenger can only have one cabin.
5. A ship does not necessarily need to have a cruise assigned to it.
6. A cruise must be involved in at least one or more bookings.
7. A cruise requires the ship to stop by at least one or more ports.
8. A manifest records the cabin used by each passenger for all the cruises.
9. A passenger can only register one address under their name.
